

The University of Arizona
Pediatric Pulmonary Center presents

12th Annual School Healthcare Training Event

February 29, 2020 8:30 AM - 4:00 PM

UA Drachman Building, B109
University of Arizona • Tucson, Arizona

Aurora Thrush, MA, LPC, CSOTS is a Licensed Professional Counselor who has spent the last 13 years working with adults and adolescents across Colorado and Arizona, providing individual, couples, and family psychotherapy services. Aurora developed an Intensive Outpatient Program for adolescents to treat substance abuse, and has supervised adolescent treatment programs in the community, working to bring families closer together. Aurora also provides trainings to other therapists in the community, and is an Arizona Board of Behavioral Health Examiners approved Clinical Supervisor for intern and newly licensed therapists. She is a certified trauma focused cognitive behavioral therapist, and believes that compassion for each other, and connection to our communities are the key ingredients to success for any helping professional.
